EXECUTIVE PRESIDENT MESSAGE

Since the establishment of Flora Group we focused on four major success methods: partnering with world class market leading suppliers with high quality solutions in all fields, connect with our clients and provide them with the best pre-sale and after sale services, always developing and adapting the market changes, and rely on the best qualified staff.

We look forward to provide the best solutions to help prepare Qatar for the World Cup 2022, as well as to realize Qatar Vision 2030.

EXECUTIVE MANAGER MESSAGE

Since the establishment of Flora Group, our aim was to become a market leading, full service organization, adhering to the principles of quality and integrity in business practices. One of my greatest realization is that the inspiration for our vision comes from our continual ability to dream. Perhaps this is what sets us apart from the rest, we believe that with hard work, commitment and dedication, there are no milestones that we cannot achieve together. And I believe that one of our biggest strengths, is how much we work together as a family, sharing our successes and our challenges. As a company, we extend this realization of togetherness to the way we do business with each other, as well as with our business partners, suppliers and customers.

“YOU NEED TO MAKE OTHERS SEE YOUR VISION, TO SUCCEED IN BUSINESS”

ABOUT US

Founded in 1993, Flora Group has grown to become a group of leading Qatari specialized trading and service companies that offer a large and diversified portfolio of products and end-to-end custom solutions to its customers in Qatar and the Middle East region. Since its creation, the group focused on offering top quality products and services that have made its reputation and ensured customer satisfaction and group success for more than 22 years. We strive to preserve a high level of business ethics characterized by integrity and honesty in all our business actions and throughout all our companies.

”

BUSINESS DOMAINS

Flora Group's business domains span a range of 8 core industries:
